PROGRAM OVERVIEW

THE NATIONAL CENTER FOR INTERNATIONAL MEDICAL EDUCATION

The National Center for International Medical Education has developed one of the most reputable clinical placement programs in the U.S. By placing great emphasis on the education of medical students and physicians in training the NCIME continues to incorporate methods of learning into the program with the goal of contributing to Residency success. At the end of each rotation, program participants are able to take the in-house Post Clinical Rotation Assessment specific to each specialty, to aid in test preparation.

Rotations are currently available in Atlanta, Chicago, DC, and New York. The program is also able to assist students who are looking to secure their own slots in other locations. Other services include Mal-practice insurance processing, housing assistance, a Getting into Residency seminar, workshops, and more.

Secure your slot today by submitting an online application at

www.NCIME.org or give us a call at 404-584-0918.

GENERAL INFORMATION

The NCIME student handbook contains the official guidelines for the U.S. Clinical Program. All participants are strongly encourage to review the handbook in order to fully understand the guidelines.

Program Eligibility:

This program is open to all levels of Medical, Pre-medical, Public Health, Nursing, and Osteopathy students. If you are undertaking this clerkship for academic credit, additional requirements may be required by your school.

Locations:

Clinical rotations are currently available in Atlanta, Chicago, Brooklyn, and DC at Community hospitals, Teaching hospitals, Surgical Centers, and Clinical offices to accommodate any request. Also, students are credentialed into the hospital facilities and the student evaluations are sealed by the facility as well as signed by the attending.

Fees:

The fees for each rotation vary and are listed throughout the directory. Prices range from \$350 per week to \$650 per week.

Mal-Practice Insurance:

Mal-Practice insurance is required for all hands on clerkship experience. You must provide proof of coverage for \$1,000,000 per incident/\$3,000,000 in aggregate “1 million/\$3 million.” The NCIME offers Mal-practice insurance processing at an affordable rate of \$600 for up to 6 months of rotations or \$1200 for up to 1 year of rotations. For participants looking to do an observership, mal-practice insurance is not required.

Cancellation Policy:

Participants may cancel a rotation at any time and for any reason. All funds will be returned with the exception of the non-refundable deposit. There are no penalties or charges for rescheduling a rotation.

THE ROTATION START DATE MUST BE WITHIN 1 YEAR OF THE INVOICE DATE.

CLINICAL ENROLLMENT PROCESS

Submit a completed Clinical Request Application which can be found in the back of this Directory or online at www.NCIME.org. You will receive a reply from Admissions within 2 business days.

Once your request has been confirmed you will receive a provisional notice of acceptance into the NCIME Clinical Rotation Program which will be accompanied by the student checklist and an invoice for payment.

Once the deposit or balance has been paid you will then receive the student handbook and begin to submit items from the student checklist. These documents should be provided to Admissions as soon as you have them in order to ensure valid documentation.

Your clinical assignment will be provided to you within 2 business days of payment of the full balance of the invoice. For example: If your start date is April 1st and your payment is submitted February 5th, you will receive your assignment within 2 business days of making your final payment. The same applies for payments received 30 days in advance.

Prior to your start date you will be accumulating the student checklist items. All items are due no later than 14 days prior to your start date.

You are now ready to begin your clinical experience.

Upon completion of your experience the NCIME will ensure that an evaluation is completed for you by the physician. This evaluation will be provided to you within 5 business days of completion of the rotation.

You are allowed to ask the physicians for a Letter of Recommendation. If you attend more than 1 physician, multiple LOR's can be requested.

STUDENT CHECKLIST

The Below is a list of the items requested by the NCIME. These items may vary depending upon your location. Items on the checklist with an asterisk are site specific and may not be required, depending on your request. All other items are required of all sites.
